There were 50 plants placed in each 800 ml Erlenmeyer flask.

Each of these hybrids should produce plants with large, full and beautiful Chinese red flowers. The Phal. Brother Pirate King used is the same clone that produced the original Phal. H.P. Norton cross.

Phal. Orchidview Tabasco is our hybrid which rivals Phal. H.P. Norton as the best red now available.

All of these are in final flask but doubt that they will be available until late Fall.
