

## 2009 Orchidview Compots

N0420 Dtps. Orchidview Gold Dust x \$25.00  
Phal. H.P. Norton 'Orchidview'

This is a cross of a large yellow x our red H.P. Norton

N0425 Phal. Sogo John 'YN' \$25.00  
Leucadia Lava Flow 'Leucadia' AM/AOS

Another large yellow on H.P. Norton. We have not bloomed any yet but are hoping the yellow will enhance the red and you will have only larger red flowers.

N0525 Phal. Krull's Red Hot 'Sizzle' x \$25.  
Phal. H. P. Norton 'Orchidview'

Gotta' be red! These that we have bloomed really have been very red!

N0527 Phal. H.P. Norton \$25 -  
(Bro. Pirate King x  
Krull's Red Hot 'Apopka' AM/AOS)

This is a remake of the original HP Norton using the same Brother Pirate King, a yellow flower with red around the column and some barring, as the pod parent. A different Krull's Red Hot furnished the pollen. Again the few that have bloomed have been more bronze than bright red. A very nice change.

N0528 Phal. Orchidview Tabasco 'Pimlico' X \$25.  
Phal. Brother Pirate King 'Frank'

Our Phal. Orchidview Tabasco is very similar to Phal. H.P. Norton therefore this is a yellow/red crossed onto a red flower.
